Providing customer support and services is a priority for our organization. Therefore, by leveraging cutting-edge technology and global knowledge, we aim to keep you informed and closely monitor every step of the operation, from the moment you register a cargo transportation request until the delivery at the destination. We strive to gain customer satisfaction by maintaining continuous and meticulous oversight of the operation, creating quality control systems, and seeking customer feedback. Additionally, we have a team of experienced professionals and educated personnel ready to provide the best and most appropriate consulting services for all transportation methods and related matters in international logistics. We are members of the Shipping and Related Services Association, the International Transportation Companies Association of Iran, the Chamber of Commerce, Industries, and Mines of Iran, as well as permanent official members of international organizations and assemblies such as IRU-FIATA. Furthermore, we have exclusive representatives in countries including China, Korea, Taiwan, India, the United Arab Emirates, Turkey, and all European countries.

**Your trust is our capital.**

# THE COMPANY'S FIELD OF ACTIVITY

We transport all authorized imported goods from around the world to Iran, adhering to all international conventions and utilizing various methods such as road transport (both Iranian and non-Iranian trucks, LTL shipments, closed trucks, and special hazardous or delicate cargo), sea transport (including FCL, LCL, refrigerated, and bulk shipments, as well as cross-stuffing and transshipment), and air transport using Iranian and international airlines, according to the cargo owner's request. We ensure the shortest possible delivery time and provide the best quality of service.
